How to Authenticate This Official Transcript from the University of Texas at Dallas

This official transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. If you are not the intended recipient, please notify the Transcript Department at the University of Texas at Dallas. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. If this document has been issued by the University of Texas at Dallas, and for optimal results, we recommend that this document is viewed with the latest version of Adobe® Acrobat or [Adobe® Reader](#); it will reveal a digital certificate that has been applied to the transcript. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by the University of Texas at Dallas with a valid certificate issued by GlobalSign CA for Adobe®. This document certification can be validated by clicking on the Signature Properties of the document.

The blue ribbon symbol is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcript have not been altered.

If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. The digital signature can also be revoked by the transcript office if there is cause, and digital signatures can expire. A document with an invalid digital signature display should be rejected.

Lastly, one other possible message, Author Unknown, can have two possible meanings: The certificate is a self-signed certificate or has been issued by an unknown or untrusted certificate authority and therefore has not been trusted, or the revocation check could not complete. If you receive this message make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital certificate on-line, reject this document.

The transcript key and guide to transcript evaluation is the last page of this document.

The current version of Adobe® Reader is free of charge, and available for immediate download at <http://www.adobe.com>.

If you require further information regarding the authenticity of this transcript, you may email or call the Transcript Office at the University of Texas at Dallas at transcripts@utdallas.edu or 972-883-2342.

The University of Texas at Dallas is a state-supported institution of higher education founded in 1969 as a graduate school. The undergraduate school opened in August, 1975. Prior to the Fall of 1990 it was an upper-level university, granting admission to juniors, seniors, master and Ph.D. students. Freshman admissions were authorized in the Fall of 1990.

TRANSCRIPTS

The student record printed on the front will be either an undergraduate or a graduate transcript. If the student enrolled under both careers, both transcripts are present. An embossed seal of the University is not necessary. The signature of the University Registrar is in dark green on a light green background.

SEMESTERS, SESSIONS, AND TERMS

An academic year consists of consecutive fall, spring, and summer semesters. Long semesters (fall and spring) are normally sixteen-weeks long. In addition, two eight-week sessions are offered during the long semester. The summer semester is normally eleven-weeks long. In addition, an eight-week and two five-week sessions are offered during the summer semester. The same academic credit is given for a course whether it is taken in the long semester sessions or the summer semester sessions.

COURSE NUMBERING SYSTEM AND ACADEMIC CREDIT

Course numbers at the University are four digits. The first digit indicates the level of the course: 0 or D = remedial/non-credit, 1 = freshman, 2 = sophomore, 3 = junior, 4 = senior, 5 - 9 = graduate courses. The second digit indicates the number of semester credit hours granted for the course (for "V" use the attempted hours).

Undergraduate students in a fast track program, or with approval, may register in graduate courses. The graduate courses taken by an undergraduate student, that apply towards a fast track program or are reserved for the graduate career, will appear on both the undergraduate and graduate transcripts if the career exists for the student. These graduate courses will count in the cumulative earned hours and GPA for both undergraduate and graduate careers. Graduate students may register in undergraduate courses. Courses reserved for a different career GPA calculation are notated with "Exclude Grade from Statistics" and transcribed under the correct career if the career exists for the student. Repeated coursework and courses satisfying the Texas General Education Core Curriculum are noted appropriately.

Courses listed as AERO, MILS, UTA, and UTSW are included on the transcript as part of collaborative academic arrangements with The University of North Texas, The University of Texas at Arlington and The University of Texas Southwestern Medical Center.
