Dear Admissions Committee,

I had the pleasure of working with Jennifer Chancellor for the past three years. We worked in different units for the first two years, where we worked collaboratively on projects together. Recently I moved into her unit, and we've worked even more closely. In addition, we've become friends outside of work.

Jennifer has shown a strong commitment to improve the quality of care for those we serve. She works hard, pays close attention to detail, has strong analytical skills and often volunteers for projects. Her caring nature and personality allow her to work well with others in a team setting, as she always respects others' opinions. She communicates well with strong written skills, speaking clearly and eloquently about her ideas, and responded to questions in a thoughtful way.

Outside of the work, Jennifer has achieved national recognition as one of the few females in the world of motorcycle racing. Last year she was selected as one of only 15 women to participate in the much sought after Build.Train.Race program. This is an example of her strong dedication and commitment to achieving her dreams.

I am certain that Jennifer is going to continue to do great things in her future. I highly recommend her for admission to your graduate program. She is talented, caring, intelligent, dedicated, and focused on her pursuits. Jennifer consistently seeks out opportunities to improve and challenge herself. Jennifer's straight forward and friendly approach impresses everyone she meets. Please feel free to contact me if you have any questions at Michelle.Alger@hca.wa.gov.

Sincerely,

Michelle Alger MA, LMHC, NCC
