To Whom It May Concern:

Thank you for the opportunity to recommend Jenny Marina for your graduate program. I have worked with Jenny for many years at Catholic Community Services and have a good sense of her strengths, and I feel that she has a lot of potential to contribute to our community. Graduate school will head her in the right direction for this.

Jenny has worked as a Clinical Care Coordinator for Wraparound with Intensive Services for many years. In her role, she has shown great ability to provide support for kids and families with a lot of creativity, but also in alignment with some very specific expectations. This combination serves people well as they learn new skills, and will benefit her in a graduate program. She has also learned the importance of the participation of every person in the room in her work to help improve the lives of kids and families – this skill also lends itself well to learning from others in a graduate program.

I hope this information is helpful in your decision-making process. Please don't hesitate to contact me if you have questions or need further information.

Sincerely,

Heidi Knadel
