Recommender Form Questions

How long have you known
applicant:

5 to 6 years

Applicant ability as
self-directed learner: Rex is always seeking
knowledge and information for
a greater understanding of a
policy or process, law or
requirement. I would estimate
his ability as someone who
will learn what ever they are
tasked with or desire to learn.
Rex also shares the new
information when appropriate
so others are also learning.

Time since last contact with applicant:		Applicant as productive member of group:	Rex is very productive. Improving the location and content of our resources has been a pet project for him in addition to his workload. He set up a Resource Library in his "spare time". This library contains a variety of processes, rules, workarounds etc. and is useful to every member of our unit. My overall estimate of Rex's ability to be a productive member of a group? I believe workgroups bid on Rex! I always enjoy our meetings when Rex has something new, an improvement or a new document to share because I know it's going to benefit the entire team.
	Currently work with applicant.		
Relationship with Applicant:		Applicant most significant strengths:	Overall Rex is highly intelligent and has great analytical skills. I am working with Rex on a policy rewrite project and he has demonstrated the ability to be detail oriented and organized which is reflected in the finalized documents. Rex also has excellent communication skills - both written and verbal - and has written and trained on many of our processes that are used today.
