### CALENDAR SYSTEM

The University Academic Calendar is based on the quarter system. Quarters are 10 weeks in length and academic progress is measured in quarter credit hours. Undergraduate and graduate quarters are 10 weeks in duration, with some courses also offered in two, 5-week sessions within the quarter. Two consecutive 5-week sessions compose a 10-week quarter.

### COURSE NUMBERING LEGEND

001-099	Developmental Courses	300-399	Junior-Level Courses
100-199	Freshmen-Level Courses	400-499	Senior-Level Courses
200-299	Sophomore-Level Courses	500-699	Graduate-Level Courses

### GRADING SYSTEM

Earned quality points are calculated for each course by multiplying the grade point value for the grade received for the course by the credit hour value of the course. The Cumulative Grade Point Average (CGPA) is calculated by dividing the total earned quality points by the total attempted credits.

For calculating rate of progress, grades of F (failure), W (withdrawn), repeated courses, and I (incomplete) are counted as hours attempted. Grades of F (failure) and W (withdrawn) are not counted as hours successfully completed. The student must repeat any required course in which a grade of F or W is received. Undergraduate students will only be allowed to repeat courses in which they received a grade of D (C- as of July 1, 2010) or below and graduate students will only be allowed to repeat courses in which they received a grade of C (B- as of July 1, 2010) or below.

Courses repeated due to non-satisfactory grades will be indicated as a repeated course with the highest grade calculated into the CGPA. Both original and repeated credits will be counted as attempted credits in rate of progress calculations.
