

PERSONAL STATEMENT

I have completed a Bachelor Degree of Public Administration specialized in health Services Management at Mzumbe of Tanzania in Julai 2012, I am employed at Mt. Meru Hospital under the Ministry of Health working in the field of Public Health Administration as Hospital Administrator. I have a plan of studying Masters of Public Administration At Evergreen State University hoping to gain the following:

To be exposed to an international environment where i will be able to learn different experiences and share mine with other internationals since United States of America is a home to major Multinationals and it draws students from different parts of the world. Therefore will be able to mingle with other nationals, discover new opportunities and broaden my scopeof understatnding in Administration issues during the course.

To gain skills in taking a postive role in problem solving, critically review evidence and arrive at informed decisions, plan and manage tasks independenty, work appropriately in a team or individually, communicate effectively orally and in writing, have a capacity for independent learning and continuing professional developmentand apply research skills in solving problems.

To become a good leader in any position that will be appointed to serve, who will be able to advise my organisation in the formulation of good policies, strategies which will help in improving the living standards and welfare of Tanzanians as my country is very rich in natural resources although mostly of people live in poverty.

Increase my knowledge and enable me to perform well. The fact that health Administration is my core business and function daily. By upgrading my self in MPA, this will broaden my knowledge and increase my skills in working efficiently.

After completion of this course i will return to Tanzania and apply the knowledge and experiences gained from the training and from my colleague's experiences from other countries on problem solving and public Administration needs in my institution and the country at large.

Angela Augustine Kimathi.
