To whom it may concern:

Bill Rasmussen worked on my farm designing an irrigation system to conserve water; planning and building an earth friendly home and building up the soil for planting. He was a good worker and has demonstrated his abilities in all of these projects. I have known him for about 5 years and he has good values and morals. I would recommend him as a person of good character.

From my experience with him, I feel he would be a good fit for the graduate program.

If you have questions or need further information, you can contact me at 970-812-6377. Please leave a message and I will return your call as soon as I am able.
